BSNL to offer 6 times more data to post-paid users

BSNL WILL offer up to six times more data on existing postpaid plans from July 1, as the state-owned firm attempts to keep up with competition from private telecom firms. Users of 'Plan-99' will now get 250 MB (from no data earlier), while 'Plan-225' will fetch users 1GB data instead of 200 MB earlier. Similarly, users of Plan-799 now will get 10 GB instead of 3 GB. They will also get unlimited voice call.
