BSNL H.S.Sohal, an Indian Forest Service from AGMUT cadre of 1987 batch has joined BSNL as its CVO on May 6, 2019. He is M.Sc. (Botony) Gold Medalist from Lucknow University. He has been posted as Dy Conservator of Forest & Chief Wildlife Warden & Ex-Officio Director Environment, Chandigarh Administration. He is among very few officers, who have worked outside government. He was Advisor (Environment & Social Development) in South West Mining Ltd., Delhi (Dec. 2007-Nov. 2011). He is Co-author of (i) Ethology: An Introduction to Animal Behavior (ii) Fourth Estate: Manual for Journalist on Environment Reporting (iii) Environment and Biotechnology (Edited volume). He was founder editor of a popular magazine "BIO DIGEST".

BSNL has partnered with local cable operators (LCOs) for extending the internet & Voice services to these customers. This is the first such Bharat Fibre service deployment in A&N Islands said Jagadesh, CGM BSNL A&N Islands. Now customers can enjoy the internet delivered along with digital entertainment services through our partners. Since the Bharat Fibre services are provided on optical fibre right upto the customer premises, reliability & better quality of services to the customers are assured. BSNL is also executing GOI funded submarine cable project in Andaman Nicobar Islands, which will further increase the internet bandwidth available to the A&N Island customers, to make them at par with mainland customers.
