

Content Template

Guidelines

It would be perfect if you perused the manual before starting your journey to accomplish distinct duties in the implementation.

Transactional

“Content Template for Transaction” means a template of content registered by any sender with the access provider for sending transactional message, service message or transactional voice call, service call for the purpose of commercial communication and contains content which may be a combination of fixed part of content and variable part of content, where

- i. fixed part of content is that part of content which is common across all commercial communications sent to different recipients for same or similar subject;
- ii. variable part of content is that part of content which may vary across commercial communications sent to different recipients for same or similar subject on account of information which is very specific to the particular transaction for a particular recipient or may vary on account of reference to date, time, place or unique reference number;

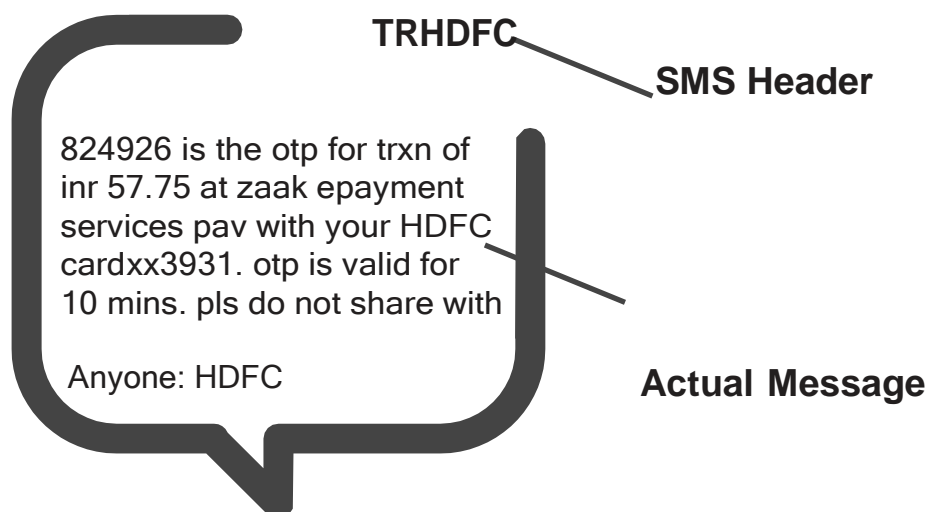

“Transactional message” means a message triggered by a transaction performed by the Subscriber, who is also the Sender’s customer, provided such a message is sent within thirty minutes of the transaction being performed and is directly related to it.

Provided that the transaction may be a banking transaction, delivery of OTP, purchase of goods or services, etc.

Illustration

- OTP message required for completing a banking transaction.
- OTP message required for completing credit/debit card transaction at a merchant location.
- Information of Any transaction happening in Bank Account/Trading Account/Wallet/Credit card/Debit Card/UPI or any other financial transaction.
- Confirmation messages of a Net-banking and credit/debit card transactions.
- Customer making payments through Payment Wallet over E-Commerce website / mobile app and an OTP is sent to complete the transaction.

Service

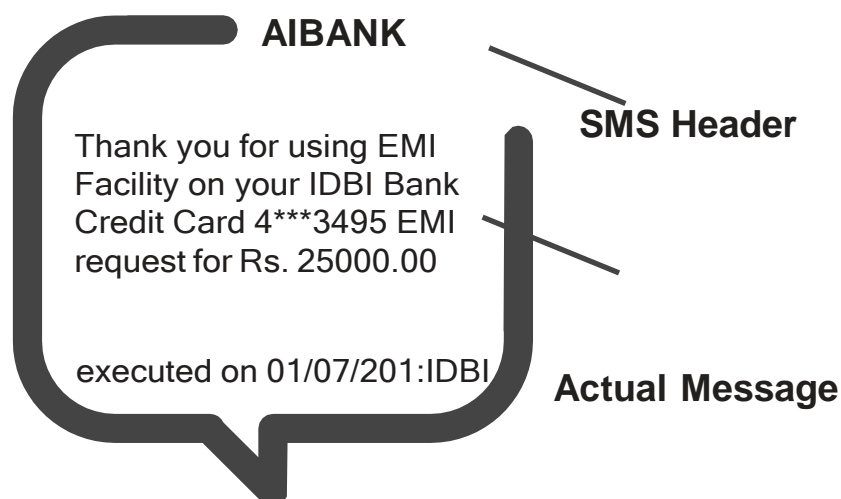

“Service message or Service Call” means a message sent to a recipient or voice call made to recipient either with his consent or using a template registered for the purpose, the primary purpose of which is-

- (i) to facilitate, complete, or confirm a commercial transaction that the recipient has previously consented to enter into with the sender; or
- (ii) to provide warranty information, product recall information, safety or security information with respect to a commercial product or service used or purchased by the recipient;

to provide—

- (A) notification concerning a change in the terms or features of; or
- (B) notification of a change in the recipient’s standing or status with respect to; or
- (C) at regular periodic intervals, account balance information or other type of account statement with respect to, a subscription, membership, account, loan, or comparable ongoing; or
- (D) commercial relationship involving the ongoing purchase or use by the recipient of products or services offered by the sender; or
- (E) information directly related to an employment relationship or related benefit plan in which the Recipient is currently involved, participating, or enrolled; or
- (F) information relating to delivery of goods or services, including product updates or upgrades, that the recipient is entitled to receive under the terms of a transaction that the recipient has previously consented to enter into with the sender;

Content Template Validations

- 2 or more spaces are not to be used between 2 words, before word or after word.
- All special characters (found on keyboard) are allowed, except < and > symbols.
- Variable format is {#var#} and 'var' is case sensitive.
- Variable length can be 0-30 characters.
- Variable can also be inserted by clicking the radio button (insert variable) above text box.
- Transactional category messages should have variable mandatorily.
- Promo/Service category messages can have complete fixed content or with variable part.
- There is no limitation in no. of variable per message, however for more than 2 variables in a template proper justification for using more variable is to be provided. Maximum length of a message is 2000 characters.
- allow, where it is not possible to put the contents of a variable within the limit of thirty characters, more than one contiguous variable of the same type, after proper examination and justifications supported by sample message;
- Values like amount, date, a/c no, merchant names, OTP, codes, customer names, card type, etc. needs to be replaced with variables.
- In case trying to upload same template, portal would show an error as "Template Message already registered (Template Name - ****)"
- minimum thirty percent characters in the content template shall be fixed content;
- ensure that, in case of an URL containing both fixed and variable parts, the fixed part of URL is whitelisted;
- ensure the use of only whitelisted URL/Apks/OTT links/ call back numbers in the content template;
- PE/Brand name is mandatory for content template.
- Quarterly re-verification of the Content templates to be done by the PE.

 **DOs**

- Use promotional category for communications intended to send from numerical sender id only.
- Choose a relevant/recognizable name for templates
- Use message type as “TEXT” for all general messages & “Unicode” for regional messages.
- Variable {#var#} insertion to be required against values like date; amount; a/c no; OTP; names; etc...

 **DON'Ts**

- Invalid variable format in templates.
- Using double spaces in templates (this can be pre-checked by verifying the template on notepad++ before template submission).
- Templates with less than 6 char or variable insertion alone as template.
- Do not use external fonts or characters other than those appear on keyboard.
